

# GREEN SEMINARS

A customised offer in the heart of nature

## Les Sorbiers, happiness along the water ...

A sustainable place to live in the heart of a 17-hectare estate with a protected island (Natura 2000). Cosiness is the catchword here. Along the banks of the Haute-Meuse, surrounded by nature, the hotel has 32 comfortable and cosy double rooms and 2 unusual accommodations, the tent rooms.

## En face de l'île

### Artisan Restaurant/Kitchen

" Like a story told from the earth to the plate "

The food is prepared with local farm, local or organic produce. Some of the products come from Sorbiers' natural vegetable garden and beehives. The restaurant "En Face de l'Île" offers clear, honest and hospitable gastronomy.

## Green seminars and events

A number of comfortable rooms with modern facilities can accommodate from 10 to 120 people. Meetings, team building, training, Les Sorbiers offers a place for thought and creativity in a relaxing setting that encourages interaction, creativity and conviviality. Each enquiry is considered and we propose a tailor-made offer.
